Special Town Meeting at Telstar Lecture Hall Tuesday

On Tuesday evening, Sept. 15, a Special Town Meeting will be held at 7 p. m. in the Lecture Hall at Telstar Regional High School. This meeting is scheduled based on action at the Annual Town Meeting in March to postpone action on a proposed Hazardous Waste Ordinance until Sept. 15.

The warrant for the meeting includes 12 articles. Article 1 is the election of a moderator. Articles 2 and 3 deal with proposed Hazardous Waste Ordinances. Two separate ordinances, Draft "A" in Article 2 and Draft "B" in Article 3 are presented for consideration. Draft "A" was the ordinance presented in March and is a more in depth ordinance giving the Selectmen authority to oversee the use, generation, storage and disposal of hazardous and radioactive waste. Draft "B" is a more general ordinance, preventing the storage and disposal of hazardous and radioactive waste and giving Town Meeting authority to grant exceptions. Draft "B" was prepared by the Planning Board this summer and is the one recommended by the Planning Board. Copies of both proposed drafts are available at the Town Office.

Article 4 asks the Town to enact a Recreation Board Ordinance. When the Recreation Board was created in 1976, it was done

through the passage of a general article which only created the Board and established the number of members. The proposed ordinance changes the number of Board members from five to seven at the request of the Recreation Board and also defines the duties and responsibilities of the Board and its members. Copies of the proposed ordinance are available at the Town Office.

Articles 5-12 ask the Town to approve the actions of the Municipal Officers in closing the following roads to winter maintenance from Nov. 1 through April 30 for a period of 10 years. Art. 5—Svan Hill Road (also known as the Buck Road) a distance of approximately two miles from the Intervale Road to the Old Buck farm, so called; Art. 6—Osgood Road a distance of approximately .7 of a mile easterly from a point 800 feet easterly of its intersection with the Intervale Road; Art. 7—Adamson Road (also known as the Billings Road) a distance of approximately .25 of a mile easterly from the Intervale Road; Art. 8—Chase Road a distance of approximately .7 of a mile northerly from State Route #26; Art. 9—Hart Road a distance of approximately .2 of a mile southerly from the Rabbit Road; Art. 10—Abe Merrill Road a distance of approximately .25 of a mile easterly from the Intervale Road; Art. 11—Wa-

BANCROFT CONTRACTING TO CONSTRUCT NEW CHAPMAN BROOK BRIDGE

Bancroft Contracting Corp. of South Paris with a cost of \$113,294 was the successful contractor as bids were opened for the construction of a new bridge at Chapman Brook in Northwest Bethel on Wednesday, Sept. 2, at the Transportation Building in Augusta.

The new bridge will be slightly higher and wider than the present structure, measuring 26 feet from rail to rail, compared to 21 feet currently. The bridge roadway will be about 18 inches higher than the present bridge in order to match changes in the approaches.

The changes in the grade of the bridge approaches are designed to alleviate flooding problems at the location with the bulk of the changes on the easterly side of the structure. The new approaches will carry two 10-foot travel lanes with four foot gravel shoulders. Steel guard rails are to be installed along the approaches to the bridge and concrete rails incorporated into the bridge.

During construction of the project traffic is to be maintained on a one-lane temporary bridge to be built upstream from the existing structure.

Other firms submitting bids for the project were W. L. Sturgeon Inc., Cornish, \$119,337.90; Reed & Reed, Woolwich, \$130,021; Wyman & Simpson, Augusta, \$133,902; Calahan Bros., Mechanic Falls, \$152,389; Blue Rock Industries, Westbrook, \$185,480.

T.T.A.E.R.S. Gets New Ambulance

Tri Town Rescue's new ambulance arrived in West Paris Friday night, Sept. 4, at 6 p. m. from Wheeled Coach Sales in Natick, Mass. The fully equipped 1981 Ford van-type ambulance cost Tri Town \$27,000. The money was raised by donations, fund-raising activities, a Maine DOT grant and a small bank loan from Casco Bank. Now the four towns: Greenwood, Sumner, West Paris, and Woodstock, will be serviced by two vehicles. Tri Town Rescue now has 25 active, trained personnel, rotating shifts, listening 24 hours a day, ready to respond whenever a call comes in. Tri Town also has a strong auxiliary headed by Charlotte Beauchesne of North Paris. Fund raising is a key ingredient to this volunteer service. The door-to-door canvass in March and fund raising activities throughout the summer have made this new ambulance a reality.

The totally volunteer service continues with the support of all

the residents to provide free service to all individuals needing the ambulance. With two vehicles, one can be housed in Bryant Pond and one in West Paris, to better reach the needs of the towns serviced. Thanks to everyone who contributed in any way to this worthwhile cause. Thanks especially to Sally Wilson, the original president/coordinator of Tri Town, who persevered towards her dream of an active ambulance service in the Tri Town area. Everyone at Tri Town wishes her luck as she pursues her nursing training full time at CMVTI this fall.

Remember, to reach the ambulance call 1-800-482-7433. (Note: Some telephone exchanges require the use of an I.D. number. If in doubt, please consult the telephone directory for instructions for your area.)

JACKSON-SILVER POST

Upton

— Mrs. Arline Bernier, Corres. —
At the annual meeting of the Upton Church attended by 22 adults and three children, the treasurer reported a balance of about \$125 when the painting bill is paid. The clerk was commissioned to write fund-raising letters to members.

Pastors Andy and Sharon Torbett exchanged questions and answers with the governing body, and were officially given the use of the building for a stipend equal to previous conditions.

Ed Brennan reported loose bricks in the chimney and said he'd check further. He received an offer of a bag of mortar if he would repair same.

Under election of officers Larry Wade declined and Margaret Mitchell was elected chairman. Bill Harris of Leroy, N. Y., was re-elected vice chairman and Carla Tucker of Medway, Mass., was re-elected clerk. Frank Tucker declined the nomination as treasurer having had the position for 10 years, and Arline Bernier was elected. As the clerk did not have her record books and it was uncertain whose term as trustee had finished, the unknown outgoing trustee was re-elected for a five year term.

Gilles Viens accepted the job of building scheduling coordinator. There was a discussion of keys as several had been made chiefly to accommodate those who waited outside when the pastor was late or had cancelled, as well as for those who use the building for prayer meetings and other intended use. Ed Brennan reported that six of the original keys had been returned to him.

Danny Brennan lost control of the pick up truck he was driving enroute to Enrol and left the road. The vehicle travelled an estimated 600 feet, turned over, sheared the cab and was demolished. Danny was found under the truck and treated on the spot by Mrs. Cronk, R.N., of the Potter Farm. A later check-up revealed bruises but no broken bones.

Mr. and Mrs. Jay Martin are staying with her parents, the Brensons. Mr. Martin has recently been discharged from the Navy.

The Ladies Aid Fair and Supper was very small and scarcely worth the effort. A gentleman from New York toured the tables and bought tickets on a 4-H beef which were being sold by 4-H members Amy and Jill Murphy. He drove too far off the road and one wheel dropped in a ditch. Mike Largesse happened along and with a tow chain borrowed from Margaret, was able to pull him out. As he left, he said he would give the beef to the church if he is the winner.

Fred and Marion went to Lancaster Fair and reported that it was different and very interesting. They reported the 4-H exhibits were outstanding.

Greenwood City

— Mrs. Collette Morgan, Corres. —

September; the time of ripeness, the succulence of fruit, the soft green of new stems, warm at noon, chill at dusk and at dawn cool dampness. There is something about September that sets it apart from all the other months. It's an off season on the farm for much of the work has been finished and there seems to be a sense of leisureliness. The owls hoot and the cricket fiddles. This little black fellow is noise with a capital N. When he is supposed to be somewhere out in the field, he lets go with his music, for he somehow has entered the house to hide under the book case or the couch. Just when one has settled to read, write or sleep, he begins his wing scraping. I watched one yesterday and how he vibrated his wings! Only the male cricket makes a noise or song—as you chose to call it. They begin in August and keep their noise going until their wings are worn out or they are too cold to continue.

September's sweetness comes with the breezes from the hills. Along the road sides is the mixture of clover with mint and goldendrod. There is the pond smell with weeds and cattails standing steadily against the horizon in the moonlight.

Nature's garden of asters, which we take for granted, range in colors from purple to lavender or white. They dance and nod spilling into the pastures with their frothy blooms, until a very deep frost ends their existence. That may not come until November.

September is a lovely month, when the heat of summer is past but winter is a distance ahead. But this is the time when the hills wait for climbing. Here and there among the swamp maples and thin soiled hill-sides there is a flaming bouquet of red leaves. There is the feeling of fall and mystery. I hope to seek them out.

The Greenwood City Yacht Club met again last Saturday evening, as we have for 10 years, at the beach of Vernon Inman. John Betts served us his barbecued chicken deliciously done, plus corn and many other tasty things. As darkness fell a bonfire sent out cheery flames. Everyone enjoyed the entire evening and express our thanks to Joe and Dot, Vernon and Miriam and all others who did so much.

Bruce and Betty DiArenzo, from National Hills, Augusta, Ga., have been spending a 10 day vacation with his parents, Mr. and Mrs. Pat DiArenzo.

On Thursday Mrs. Pat DiArenzo with Bruce and Betty Jo spent the day visiting with friends in Bath and were luncheon guests of Mr. and Mrs. Edward Legard.

Nora and "Buster" Waterhouse and Verna Libby were week end visitors at Doris Hayes.

Callers at the home of Franze and Dot Curtis were James and Roxanna Iser, North Kingstown, R. I.; Joe and Anita Senecaouth, Smithfield, R. I.; Irene Stevens, Augusta; Carl and Betty Curtis and children, East Sumner; Orin Noble, South Paris.

Eldith Lang, West Paris, was a recent caller at Fay Holt's.

Labor Day week end has come and gone. The children are back in school, the days are getting shorter, the mornings are getting colder and riding along we can see where a tree has already put on its coat of many colors before it loses its leaves until another spring once again brings back the trees summer raiment. Now we have to think about getting in the last of the gardens, getting the storm windows out to clean and maybe re-puffy and paint and buttoning up in general for another winter.

Friday, Frankie left for a few days to visit Jim and Sue in North Reading, Mass. Saturday, George had to work in the morning and in the afternoon went around the mountains and then went to the drive-in. Frank and I had supper with Ruth and Let Butters Saturday. We heard a sputtering soon after we had gone to bed and the pump was not working right. The old saying, "you never miss the water till the well runs dry," is certainly true only this was until the pump doesn't work. George and Frank had it fixed by dinner time. How lucky that they could fix it.

Club members asked me to take a look at his pumpkin. It was a very large one. In fact he had quite a few. I guess those club members have some secret method of growing things if that one pumpkin was any sample. Another showed me his cherry tomatoes. They looked like bunches of green grapes. In both gardens they had some lovely flowers, too.

Sent in by Eva Yates:

A cool Monday, and Oh so foggy. It's Labor Day and anyone that can is not going to work. Some will work and some will go places, have picnics etc. and some will be so full of "oh be happy" they won't know or care what day of the week it is. The poor old Go-Shoes have kept the hook company all week. Late yesterday they went to Emerson and Loretta Merrill's to see the black cows; that go with the black calves, the black dog and old black cat. The dog is fat and friendly but the cat only gives you a quick nod and is gone. On the way home Joe and Peggy stopped at the auto dealer and discussed what they would like and would have if and that's a big if they were rich and not so handsome. Then we stopped for a bite of ice cream and then home. Earlier in the afternoon while at the dump a man told of having

seen a big black bear cross the road in front of him in the vicinity of the Charles Bartlett farm. A sight he never expected to see. We have had callers this week. They all call the same week. I have my wires crossed. The Go-Shoes did not hang all the week as Tuesday I was in Dixfield to see the doctor, and had breakfast after a blood sugar test. Then Wednesday the Go-Shoes went to Norway as Joe had his blood test and we took daughter Viva out to lunch. Late that same afternoon after we had hung up the Go-Shoes Helen Rummels called. We are always glad to see and chat with Helen. Hope she comes more often. Then a little later our Maude came in and we always enjoy swapping ideas with Maude. She is a ray of sunshine whenever she calls.

Thursday David Daye called to see Joe and Bryce Yates was in and worked on some pipes in the kitchen. He removed a big eye sore that was in my kitchen so now I am happy. Friday Joe picked shell beans and after supper as I started to shell beans, Verna Swan, came in. She is one of my family and with her was Christopher Hoyt and she demanded a dish so Verna, Chris, Peg, Joe and I all shelled beans.

Bear River Grange will meet at their hall this Saturday night, Sept. 12. There will be the usual 6 p. m. pot luck supper and we want each and every member that can, to come. So take your pot of luck, or you may go hungry, and join us please. It is quite necessary that all members come. We have promise of company.

Peggy Blake and Myrna Carter went to Lancaster Fair Monday.

Mrs. Barbara Yates in company with her mother, Arlene Myshrahl, has been visiting Barbara's sister, Annie and family, in Oklahoma the past week. A wedding was due while they were there. Grandson wanted Grammie to be there.

The Easter reunion was held Sunday at Bear River Grange hall with a good crowd and reports lots of fun.

The Rowe reunion will be held at Bryce and Barbara Yates' home on Sunday River, Sept. 13.

Helen Rummels visited in Norway recently with her sister, Myrtle, from Bridgton. Myrtle taught school in the Locke Mills school with Ruth Hastings.

The Board of Selectmen are proposing the closing of these roads to winter maintenance in an effort to help keep overall road maintenance costs down. The roads involved have not had winter maintenance for the past few years and none of the roads have year-round residents on them. Without this action, property on these roads could be developed and thus the town would have to spend substantial sums of money to upgrade these roads to enable year-round travel. If the proposed action is approved, the Town will still provide summer maintenance as it has in the past.

The Selectmen will meet in regular session Monday evening, Sept. 14, at 7 p. m., in the Bethel Savings Bank meeting room. Agenda items will include a pole permit application from CMP for the installation of a new pole on Paradise Road; consideration of a renewal liquor license application from Esther Crockett d/b/a Bethel Spa Restaurant; sign lease with Bethel Savings Bank for Town Office space; consideration of appointment of Maurice Twitchell as Sealer of Weights and Measures; consideration of procedures and time frame for filling S.A.D. 44 Director vacancy; review of Sept. 15 Town Meeting arrangements; review of the August financial statement; and routine items.

BETHEL HISTORICAL SOCIETY

continued from Page One

Donald G. Bennett; Vice-President, Alden Kennett; Secretary, Mary Keniston; Treasurer, Louise Lincoln; Trustees, Catherine Newell, Edith Eaton Eddy and Ronald Snyder. The slate was approved by the membership. The artifact of the month was announced as a sampler made by Lydia Holt of Bethel in 1815 which was a recent gift of Peter Anderson. The next meeting will be on Oct. 1 and will be the annual "What's It?" meeting. Anyone with an unusual item should bring it then. This will be followed by a showing of slides made from photographs collected during the past year.

President Newell reported that over 200 town histories have been ordered which makes it nearly half of those to be printed now sold. She urged anyone wishing one to order early and take advantage of the prepublication price.

Mrs. Newell also provided the annual report of the Society's activities since the last annual meeting. These included the moving, restoration and dedication of the summer house; the publication of the 1981 Society calendar; sponsorship of the White Mtn. course; a harpsichord concert in the meeting room; continuation of genealogical and architectural surveys; the donation of artifacts by over fifty individuals; the admission of over 50 persons to the membership rolls including over 20 life members; the appearance of the Society newsletter "The Bethel Courier" quarterly instead of semi-annually; the visitation by over 1500 persons to the museum; the annual Heritage Day; Faye Taylor Memorial Art Show and Moses Mason Birthday party; the observance of the 10th anniversary of incorporation and the 14th anniversary of the founding of the organization; the reprinting of Lapham's History of Bethel with new introductory essay and new indexes; the publication of new Molly Ockett and Dr. Moses Mason and His House booklets as well as a special edition of the Bethel Courier; the addition of a summer house view stationery to the museum stores assortment; the addition of another \$50,000 to the Society's endowment by the William Bingham II's Trust for Charity; and finally the very successful Indian Raid '81, the commemoration of the bicentennial of New England's last Indian Raid.

Following the annual meeting Mrs. Newell introduced the speaker for the evening, Cosby Millman of Pittston, who spoke on the Battle of Lovewell's Pond which occurred in what is today Fryeburg in May, 1725. The episode grew out of Capt. John Lovewell's successful attempt to stem the tide of Indian attacks occurring in what is today eastern New Hampshire and western Maine. He and his rangers finally found Paugus who had led these attacks and one of his men John Chamberlain managed to slay the chief and get his powder horn as a souvenir. This horn is today in Mr. Millman's possession and it was on display during the meeting.

Mr. Millman, well-known for his knowledge and collection of powder horns, Kentucky rifles and New England flintlock arms, has written a number of articles on

OVERSEAS RELIEF CLOTHING DRIVE AT THE CONGREGATIONAL CHURCH

Between today and Sept. 15 the West Parish Congregational Church will be collecting clothing for overseas emergency relief. Clothes can be left at the church office or in the boiler room during the day. Due to an increase in the cost of shipping these goods overseas they will be collecting light weight clothing articles and are also asking for donations to help defray the cost of the shipping. Donations can be left with Rev. Brendon or Rev. Jean Bass.

The clothing will be boxed on Tuesday morning, Sept. 13. They will then be sent to Church World Service, located near Baltimore. This is an interdenominational organization that is involved in coordinating emergency overseas relief. They are set up to respond quickly in the event of a disaster. Whenever a disaster happens around the world, earthquake, refugees, etc., Church World Service sends clothing and medical supplies as well as other kinds of assistance.

The church has supported this project for a number of years. In the past there has been very good response from the community. Help to collect a good amount of clothing again this year.

these subjects as well as being active in such organizations as the Arnold Expedition Historical Society, Massachusetts Arms Collectors and the Company of Military Historians.

The meeting closed with a tribute to the three officers retiring this year. Mrs. Catherine Newell has served as vice president for two years and president during the last three. During this time she has been active in many of the projects of the Society particularly in exhibits and publications. She will continue to serve for the next three years on the Board of Trustees. New Trustee Mrs. Edith Eaton Eddy has been Secretary the past three years as well as Clerk of the Trustees. She has been active as well in the museum aspects of the Society's function. Mrs. Judith E. Haskell has been trustee for the past three years and was secretary and clerk of the trustees for three years prior to that. She continues to be co-chairman of the Museum Committee where she has been active since the opening of the Dr. Moses Mason House in 1974 and is also interested in exhibits and publications.

Mr. and Mrs. Sam Baire and friends of York, Pa., visited friends in town last week. While here they toured the White Mountains and visited the Earth Station at Andover. They were accompanied by Mrs. Eleanor Brooks.

DOLLOFF - SIDELINGER

The Andover Congregational Church was the setting Aug. 22 for the marriage of Gail Sidelinger, daughter of Mr. and Mrs. Roderick Sidelinger, Andover, and David Dolloff. He is the son of Mrs. Laura Dolloff, South Andover, and the late Oscar Dolloff.

Rev. David Wuori officiated at the double-ring ceremony. Mrs. Linda Burnham furnished traditional wedding music at the organ.

Anne Dolloff, of Rumford, sister of the bridegroom, was maid of honor. Bridesmaids were Mrs. Lois Parise, Mexico, sister of the bride; Linda Marston, of Andover, and Katrina Carter, of Gilead. Flower girl was Michele Parise, of Mexico, niece of the bride.

The bride wore a white chiffon gown, fashioned with a Queen Anne neckline, edged with lace, bishop sleeves, empire bodice embellished with seed pearls. The redingote-effect skirt of Chantilly lace topped a chiffon underskirt, supporting a sweep chapel length train. Her cathedral length three-tier illusion veil, edged in matching lace, was caught to a mantilla and clusters of baby's breath. She carried a cascade bouquet.

The bride's attendants wore gowns in a white background with a pattern of tiny flowers—the maid of honor's and flower girl's with blue flowers and bridesmaids with pink flowers. They were fashioned with round neckline, puffed sleeves, and wide matching sashes at the waist. Each carried a complementing arm bouquet. The flower girl carried a white basket filled with pastel flowers.

THIS WEEK AT
ETHEL BISBEE SCHOOL

The school year has started. There are 128 children enrolled at Ethel Bisbee School. There have been many changes at the school and everyone is busy adjusting.

Thanks are expressed to all the people who helped make the Molloy Day booth a big success.

Watch this column each week for news about E.B.S.

The first TAP (Teachers and Parents) Meeting will be held Tuesday, Sept. 18, at 7 p. m. at the school.

FOURTH ANNUAL FOOD FAIR AT CONGREGATIONAL CHURCH

Yes, it's that time again. The Food Fair will be held on Saturday, Sept. 12 (hopefully before the first frost) from 1-4 p. m. in front of the West Parish Congregational Church.

Bring your prize vegetables for the "traditional judging". Also bring your surplus produce that you are sick and tired of. "One man's feast in another man's famine." Most importantly, bring yourself; for a good time, good bargains to make up for that crop that "didn't do so well" this year in your garden, and a chance to help contribute to the fight against world hunger. As in the past, all the proceeds go to CROP.

CROP is run by Church World Service of the National Council of Churches, an inter-denominational organization coordinating assistance to the hungry. They are not only involved in emergency relief, but also sponsor numerous development projects to "help people help themselves" (getting at the more basic causes of hunger).

Please join in this continuing project for a very worthy cause. Also come and have a lot of fun.

CARD OF THANKS

Many thanks to friends for all the cards and good wishes received during my hospital stay and since my return home.

Sincerely,
Ron Kendall
